About
Magnetics Business & Technology is a media platform for technical professionals who integrate or utilize magnetic technologies in their products and applications, and for technical and management professionals in the magnetics industry.

Readers are OEM engineers and technical professionals, product and application managers, and management executives who are involved in magnets, magnetic materials, magnetic products & components and electromagnetic technologies. The magazine is published three times yearly in the Spring, Summer and Winter.

Magnetics Business & Technology magazine has a large distribution (digital editions) enabling advertisers to reach the entire magnetics industry and leading technical professionals involved in magnetics worldwide. In addition, each issue can be viewed digitally.

The Readers
Readers are OEM engineers and technical professionals, product and application managers, and management executives who are involved in magnets, magnetic materials, magnetic products & components and electromagnetic technologies.

Circulation
Magnetics is circulated to 20,000 OEM professionals, with distribution via print, email, leading industry events and online download. The content includes all regular editorial features, columns and departments, new products and industry news, plus an industry-wide resource guide to all types of magnetics companies and industry suppliers worldwide. Participating companies will be able to highlight and describe their products, services, distribution channels and contact information.

The Advertisers
- Suppliers of magnetic assemblies & components for OEM integrators and OEM-level end-users
- Suppliers of permanent magnets, soft magnets and magnetic materials
- Suppliers of manufacturing and test equipment, materials, supplies and services for the magnetics industry

Focused Online Advertising: Technology Center

Technology Center Sponsorship Advertising
Sharply focus your marketing dollars on just the audience who is interested in your category. Your ad dominates the news and information flow pertaining specifically to your market. A powerful branding tool for a surprisingly low price.

Click on the Technology Center navigation bar to determine which category is your best fit. Your banner advertisement will be dynamically served to this Technology Center’s main page and to every article page. You capture the attention of every reader who is interested in your particular category as they read every news item and article matching it.

Technology Center Sponsorship is an exclusive club. Only a limited number of sponsor ads are placed in each category so you powerfully dominate the marketing in your product sector. Sponsorships are sold for a minimum of six months.

Let’s Break it Down:
- Dominate your market: Place ads on pages that are specific to your products!
- Inquiry Driven: Your ad is dynamically placed on every article page in your category.
- Lower Rates: Because the pages your ad goes on are category specific, the rates to advertise are lower.
- Build Your Brand: Our rates are designed to help you run long-term and steady. Every day, 24x7, because that’s what works.
